## U.S. Health Crisis

- Compared with 16 other comparable nations we have the worst life expectancy. The gap is increasing.
- US Spends nearly twice as much as other nations. 19.6% of our GDP by 2021.

---

---

---

---

---

---

---

---

## Population Health Determinants

- Healthcare accounts for only 10-15%.
- Other factors include health behaviors, education and socioeconomic status.
